To: All Participants and Visitors,

Welcome to the 2018 Chilhowie Community Apple Festival. We are excited about this year's events, which include our annual parade, arts and crafts and agriculture exhibits, flower show, craft, commercial, and food vendors, pet show, and children's and youth activities. This year's theme "Apples, Arts, and Agriculture" represents the many different facets of our festival and community.

The festival is named for the bountiful "Apple" harvests of the orchards that once surrounded the town.

The "Arts" are represented by the arts and crafts exhibits and booths, the flower show, the dance and musical performances, the parade, and the band competition.

"Agriculture" is showcased in the agriculture exhibits, the petting zoo, the tractor show, apple butter making, local produce for sale, and even in the decorations of mums, gourds, pumpkins, fodder, and straw.

Join us as we celebrate "Apples, Arts, and Agriculture."

We hope you enjoy visiting our festival and our community. We look forward to seeing you again at the next Chilhowie Community Apple Festival.

Sincerely,
Rebecca Wilkinson-Smith
Vicki Wilson
