

2022 Patron Sponsorships

The Chilhowie Community Apple Festival Committee thanks all that support our festival through their sponsorships. In the past, in addition to the sponsorships, we also obtained monetary support through the selling of ads in our festival catalog. Due to changes in the methods of obtaining and publishing these ads it has become more difficult to make sure that we reach all of our supporters and ensure that their ads are accurately published. For this reason we are no longer able to sell ads for the catalog. We have therefore revamped our format for sponsorships.

We still need the generosity of our sponsors in order to produce a successful festival. The Chilhowie Apple Festival is a 501(c)(3) charitable organization making contributions tax-deductible. With continued support, we will continue to host the annual Chilhowie Community Apple Festival. For 68 years the festival has showcased the traditions of our town and of Southwest Virginia. We want to be a part of passing these traditions on to our youth of today and of the future generations. We appreciate all who have supported the festival through their donations.
